**Subject:** Updated General Billing Manual – Provider Manual Volume I

As part of an initiative to review and update all Provider Manuals, NH Medicaid is releasing a new General Billing Manual – Provider Manual Volume I. This manual should be the main point of reference for all the Medicaid enrolled providers. Please ensure that this manual is available to and reviewed by any staff that work with the Medicaid program.

The General Billing Manual – Provider Manual Volume I, along with the Part II Provider Specific Manuals, will be edited on an ongoing basis and all changes will be reflected in the Change Log at the beginning of the document. Although the manual can be saved and printed, please remember to regularly refer back to the New Hampshire Medicaid Management Information System (MMIS) website to ensure that you are accessing the most up-to-date manuals.

If there are any questions on this notice, please contact the Provider Relations Unit at (603) 223-4774 or (866) 291-1674.

Thank you,

NH Medicaid Provider Relations
