Subject: Notice of Possible Overpayment and Needed Recoupment

An error in the New Hampshire Medicaid Management Information System (NH MMIS) claims processing has resulted in overpayments on claims for some inpatient stays. Outlier days in excess of the trim point are being paid on inpatient claims, however, day outliers are only payable for children under the age of 6 years. Hospitals that have received an overpayment will be contacted directly by the department.

The Department is working out the best approach to recouping overpaid funds and will provide further communication on next steps for these hospitals once available.

If there are any questions on this notice, please contact the Provider Relations Unit at (603) 223-4774 or (866) 291-1674.

Thank you,

NH Medicaid Provider Relations
